

# You Have The Power To Help Save 300,000 Jobs!

## I'm Speaking Up For **EDUCATION & KIDS**

# 866-608-6355

America is facing an education crisis that threatens our schools and our students, with more than 80% of school districts expected to lay off school staff. These layoffs will lead to crowded classrooms and dramatic program cuts.

That's why it's so important to **Speak Up for Education & Kids.**

Call **866-608-6355** to hear our message about the importance of education funding, and to **URGE CONGRESS TO INCLUDE EDUCATION JOBS IN THE EMERGENCY FUNDING BILL.**
